

# Bridging global healthcare needs with Indian manufacturing excellence.

India's health-tech potential, unleashed globally.

GMD empowers global businesses through India's manufacturing prowess, building value that transcends borders.

## About Us

Driven by a vision to elevate India's presence in global healthcare, Gupta Medical Devices (GMD) is committed to strengthening India's export footprint by leveraging the country's robust and underutilized manufacturing capabilities. Unlike traditional players, GMD focuses exclusively on global markets, ensuring a seamless and cost-effective supply for the world and preserving the value of homegrown innovation.

We take pride in not diluting the industry with generic, oversupplied products. Instead, we collaborate with existing manufacturers to channel their expertise into export-ready solutions, creating a win-win for Indian industry and global healthcare.

Our aim and focus lie in producing innovative Medical Devices/Equipments, high-potential import substitutes and solutions where a significant demand-supply gap exists. By doing so, GMD aims to counter the Indian trade deficit as well as bridge global needs with Indian manufacturing excellence, driving growth, relevance and value beyond borders.

## Our Products

This catalogue showcases our commitment to leveraging India's manufacturing excellence by delivering high-quality medical devices crafted with precision, reliability and a vision for global impact, empowering healthcare advancements worldwide while driving India's export growth.
